Response to Amendment

The amendment filed on 12-31-02 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03).

The remaining claims are not readable on the elected invention because Applicant's elected Group (Group XII claims 66,68) were originally drawn to a method of treating a patient with a cancer that expresses BPC-1 comprising inhibiting the processing of BPC-1 in the cells of said cancers said method further comprising administering chemotherapy or radiation therapy to the patient. However, the new claims are drawn to a method of modulating cells that express 19P1E8 comprising administering the cells an altering composition which alters the status of 19P1E8 which is independent and/or distinct from the elected invention because the elected invention was solely drawn towards treating a patient with a cancer that expresses BPC-1.

Furthermore, the newly presented claims encompass materially distinct methods which differ at least in objectives, method steps, reagents and/or dosages and/or schedules used, response variables, and criteria for success.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE. In no case may an applicant reply outside the SIX (6) MONTH statutory period (beginning with the mail date of this action) or obtain an extension for more than
